NATURE HAS GIVEN YOU THE MAGIC
OF A BLACK PANTHER.

THE SECRET REMINDER - focus your consciousness
on the magic of your eyes, voice, intuition, silence, determination, courage and fearless.

PROTECT THE MOST VALUABLE THING YOU OWN.

"The first seconds and the first impression of each encounter determine your life.

Seconds decide whether you fall in love, someone steals your time or you negotiate successfully.

Your eyes and voice reveal whether you are weak, confident and determined.

Millions, luxury and career are worthless if you ruin your health, your love and losing closeness to your children.

Sacrificing your freedom and life time and a thousand missed moments of happiness."

Experiences from 30 years and thousands of lives.

BECAUSE TIME IS LIMITED

IT'S TIME TO LIVE

We spend 4 0 0. 0 0 0 hours of our lives with things that we do not love, that are not good for us and that don't let us sleep well.

Many feel that their present life is not good for them. Too much stress, too much pressure, too many expectations and fears. Most people are rushing through life and can't rest anymore. Nobody has time anymore. Many no longer listen to their inner voice and ignore their bodies' and souls' cries for help.

WHY IS YOUR LIFE THE WAY IT IS TODAY?

Because your brain deceives you: it only believes what it has learned and experienced so far. It is lazy and sluggish, it does not want to change anything. It often tells you: "This is not possible". "I can't do that." A fatal error. You can change EVERYTHING and lead the life you want.

30 years I have been an analysis specialist in Human & Asset Protection and I have analyzed the lives of thousands of people. The people who were happy, healthy and successful had a very special mindset, beliefs and recipes for success. I decoded the secret for an exceptional beautiful life and imprinted it deeply in codes that are unique worldwide - in **SECRET REMINDER** bracelets made of SILVER, GOLD and **BLACKGOLD**.

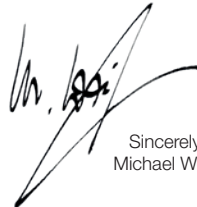

No one has ever told you about the inconceivable abilities you possess and how powerful you are.

Your **CODE LIMITED®** bracelet exists only once in the world: puristic design, strictly limited and handcrafted with an unforgettable date, dedication or picture engraving. A unique piece made in Germany.

All carriers are unique and connected in the CODE LIMITED® NETWORK on 5 continents and 25 world cities. Doors that would otherwise remain locked now open for you. Only unique people, role models and those who lift up others should wear our bracelet.

There is no place in the world where you can buy a CODE LIMITED® bracelet - and money alone is not enough to obtain a reminder.

Tell us who you are and what you want to change and we'll find one of ten codes that will revolutionise your life – info@codelimited.de

Sincerely,
Michael Weiß

CODE **LISTEN**

“WHO HAS A LOT TO SAY, MAKES FEW WORDS”
TALK MAX. 60-90 SECONDS. LISTEN 80%, TALK 20%.

People cannot be persuaded with words, when they don't want something.

Do you know people who talk all the time? Who only talk about themselves and their problems? People who talk a lot lose value rapidly and become boring. This applies in private as well as in business.

The best conversation partner is the one who can listen and ask many interesting questions. Only he finds his great love, works competently and finds convincing arguments to get what he wants.

Talk for a maximum of 60-90 seconds and pass the ball to your interlocutor with a question.

Become a good listener.

Listen 80% of the time. Your speaking time is a maximum of 20%.

“As soon as someone bores you, you should end the conversation politely and definitely.”

CODE **SILENCE** W U W E I

"IF YOU'RE UPSET, DO NOTHING AND SAY WU WEI QUIETLY."
STOP JUSTIFYING YOURSELF AND FEEL GUILTY.

If you're upset, do nothing and say quietly "Wu Wei."

"An old, poor man once lived in a small village in Persia. But even the king envied him because he owned a beautiful white horse that he did not want to sell. One morning the horse did not stand in the stable. "You stupid old man, why didn't you sell your horse? We always knew that one day your horse would be stolen. What a misfortune has happened now," said the people from the village.

But the old man said: "Can be or not be. The horse is not in the stable. So much is fact, everything else is judgment. Whether it is a misfortune or a blessing, I do not know". People laughed at the old man. They had always known that he was a little crazy.

A few days later the horse returned. It had not been stolen, but had broken out into the wilderness. And not only that, it brought 12 wild horses with it...".

Don't let them provoke you. Stop feeling guilty and justifying yourself. 98% of the accusations have nothing to do with you.

"THERE ARE 995 REASONS TO BE GRATEFUL AND HAPPY."
STOP COMPLAINING, LOVE IT. CHANGE IT. OR LEAVE IT.

"The monk Ajan had the task to build a monastery wall.

He went to great lengths to fit each brick perfectly. It took six months until the first stone wall of his life was finished. Full of pride he took a step back: It couldn't be true! Five bricks sat crooked. A horrible sight.

He ran to his abbot, because he wanted to tear down the wall again. "No, the abbot replied, the wall remains as it is." Spring came and Ajan led the first visitor through the monastery garden. "What a beautiful wall", he was amazed. "How can you say that? Can't you see the five bricks set obliquely, which disfigure the whole wall?"

"Yes," he said. "I see the five bricks that are not set properly.
But I see the 995 beautifully set bricks." «

It's all a question of perspective!

LOVE IT. CHANGE IT. OR LEAVE IT.
